AFRICAN AMERICAN FACULTY & STAFF ASSOCIATION (AAFSA)
The African American Faculty Staff Association (AAFSA) of UConn seeks to support the quality of campus life for faculty, students, and staff of the African Diaspora. Recognizing the challenges that the campus environment poses, the AAFSA seeks to provide a safe space where members of the black community can explore their concerns. AAFSA uses insights from these conversations to create programming and to lobby for policies. Through service on University committees, engagement with the broader community and hosting responsive events, AAFSA members demonstrate that they are enthusiastic partners in UConn’s commitment to be recognized as a top public university in the United States.
